

**TOWN OF FARMINGTON
NOTICE OF PUBLIC HEARING**

PLEASE TAKE NOTICE, that a public hearing will be held by the Town Board of the Town of Farmington on the 24th day of August, 2022, at 7:00 p.m., at the Farmington Town Hall, 1000 County Road 8, Farmington, New York, to consider proposed improvements to the Town of Farmington Sewer District pursuant to Section 202-b of the New York State Town Law.

The Town of Farmington, on behalf of the Farmington Sewer District, owns and operates sewer facilities and has become aware that improvements, consisting of (i) increasing the capacity of a portion of the sanitary sewer along Mertensia Road south of Route 96 and (ii) the realignment of the Race Track Pump Station force main from the Route 96 sewers running along the east side of Beaver Creek Road to the Interceptor Sewer Line crossing located on Beaver Creek that will relieve the capacity strain experienced by the existing line along State Route, which are improvements beyond the original scope of the project, are now necessary, and that the estimated cost for these additional improvements is \$999,999.00, such estimated costs to be the responsibility of the Farmington Sewer District.

As a result, the Town Engineer has prepared a Preliminary Engineering Report dated November 2021 and updated July 2022, which describes these improvements and shows the estimated cost for all improvements to be \$999,999.00.

Any resident of the Town of Farmington shall be entitled to be heard upon this matter at such public hearing. Copies of the original plan and the revised plan showing these proposed improvements and the costs are available for review at the Town of Farmington Town Hall, 1000 County Road 8, Farmington, New York.

This by Resolution of the Town Board of the Town of Farmington.

Michelle Finley MMC, RMC
Town Clerk-Town of Farmington
