

Fifth Grade Castle Project

Build a castle.

This project is due on Friday, March 5, 2021.

This is a picture of a castle from your **History book on page 189**. Be sure to include ten of these things from this picture when you build your castle, and be sure to **label these ten things** on your castle when you complete it. You don't have to spend a great deal of money; be creative and your family will love helping you! Be ready to give your teacher **three, fun, interesting things about castles or castle life**; this is not to be a full report. I believe that building a castle will increase the children's interest in learning about ancient days, but it is for fun. If you include a moving part, it will be extra credit.

You will drop off your castle in the morning by 8:00a.m. and pick them up at 2:50p.m. when the students leave for the day. Parents are welcome to view the castles throughout the day; the castle tables will be located on the side of the blue building closest to the office for the entire school body to view. So enjoy creating your own authentic castle!!! Thank you, Mrs. Dodson

*Please, no food castles, and try to keep it about the size of your desk top.
