A GRANITE SIGN PRESENTATION

SERIES D7001-D7155

First Impressions

A sign is often the *First Impression* a company makes on its customers. In addition to creating visibility, a sign is an opportunity to convey strength, elegance, caring, professionalism, expertise -- the things that make each company or organization unique and successful. Granite signs endure the test of time, and stand as constant symbols of a company's image. The designs shown in this presentation may be used with a variety of granite colors and textures, allowing endless possibilities and creativity.
