## Glossy's Football Notes

The Reserves continued their surge with an impressive victory over Seaford last Saturday. As we've said all year the signs have been there this group can go along way and now we find them just one win from the big dance. The belief and confidence can take you far and with a healthy list we're well placed to take on the Mounties in a do or die Prelim. Today in the second biggest game of the year we know the formula it takes to succeed. 100% commitment from everybody for 100% of the game and we'll take whatever result that brings. Enjoy the challenge we're all behind you.

The Seniors went down in an entertaining game. We had moments where we were on top, but Pines had their moments also and came out on top by 13 points. The beauty about finishing on top after the home and away is we get another chance next Sunday. Next weekend we have a chance to progress to a Granny and a chance for redemption against Pines. There should be no bigger incentive than that. Mt.Eliza will be fired up for a crack at the big one also, so let's bring our A game from the first bounce to the last and see what result that brings. We have unfinished business in 2018, lets extend the season by a week today.

Thought of the week: Borrow money from pessimists, they don't expect it back!
