Developing Your Leadership Skills: Building Depth for Succession

This session is designed to equip professionals at every level in successfully fulfilling their responsibility as a leader/team member and how to improve as they function in that role.

Attendees will gain an awareness and greater understanding of some critical leadership issues, along with some practical applications that will help them, and those around them reach new leadership heights. Additionally, they will gain a clear understanding of the benefits that come from raising up leaders within the organization, and how it contributes to the overall succession plan, and in doing so promotes the success and resiliency of the organization.

Why Leadership Matters:

Understand the 5 levels of Leadership and learn how to develop a proper climate for leadership.

Why develop leaders – The need for and the benefit of developing Leadership skills What is Leadership - At the Organizational Level

How to Develop a Leadership Culture - At the Organizational Level

How to Develop your Leadership First - At a Personal Level

How to Develop Potential Leaders - At a Professional Level

LAFCO MEETING: June 2, 2021

TO: LAFCO

FROM: Neelima Palacherla, Executive Officer

SUBJECT: FINAL BUDGET FOR FY 2022

FINANCE COMMITTEE / STAFF RECOMMENDATIONS

1. Adopt the Final Budget for Fiscal Year 2021-2022.

- 2. Find that the Final Budget for Fiscal Year 2022 is expected to be adequate to allow the Commission to fulfill its statutory responsibilities.
- 3. Authorize staff to transmit the Final Budget adopted by the Commission including the estimated agency costs to the cities, the special districts, the County, the Cities Association of Santa Clara County and the Santa Clara County Special Districts Association.
- 4. Direct the County Auditor-Controller to apportion LAFCO costs to the cities; to the special districts; and to the County; and to collect payment pursuant to Government Code §56381.

NO CHANGES TO THE DRAFT/PRELIMINARY BUDGET

On April 7, 2021, the Commission adopted its preliminary budget for Fiscal Year 2021-2022. No changes are recommended to the preliminary budget adopted by the commission.

LAFCO ANNUAL BUDGET PROCESS REQUIREMENTS

The Cortese Knox Hertzberg Local Government Reorganization Act of 2000 (CKH Act) which became effective on January 1, 2001, requires LAFCO, as an independent agency, to annually adopt a draft budget by May 1 and a final budget by June 15 at noticed public hearings. Both the draft and the final budgets are required to be transmitted to the cities, the special districts and the County. Government Code §56381(a) establishes that at a minimum, the budget must be equal to that of the previous year unless the Commission finds that reduced staffing or program costs will nevertheless allow it to fulfill its statutory responsibilities. Any unspent funds at the end of the year may be rolled over into the next fiscal year budget. After adoption of the final budget by LAFCO, the County Auditor is required to apportion

the net operating expenses of the Commission to the agencies represented on LAFCO.

LAFCO and the County of Santa Clara entered into a Memorandum of Understanding (MOU) (effective since July 2001), under the terms of which, the County provides staffing, facilities, and services to LAFCO. The associated costs are reflected in the LAFCO budget. LAFCO is a stand-alone, separate fund within the County's accounting and budget system and the LAFCO budget information is formatted using the County's account descriptions/codes.

COST APPORTIONMENT TO CITIES, DISTRICTS AND THE COUNTY

The CKH Act requires LAFCO costs to be split in proportion to the percentage of an agency's representation (excluding the public member) on the Commission. Santa Clara LAFCO is composed of a public member, two County board members, two city council members, and since January 2013 – two special district members. Government Code §56381(b)(1)(A) provides that when independent special districts are seated on LAFCO, the county, cities and districts must each provide a one-third share of LAFCO's operational budget.

Since the City of San Jose has permanent membership on LAFCO, as required by Government Code §56381.6(b), the City of San Jose's share of LAFCO costs must be in the same proportion as its member bears to the total membership on the commission, excluding the public member. Therefore in Santa Clara County, the City of San Jose pays one sixth and the remaining cities pay one sixth of LAFCO's operational costs. Per the CKH Act, the remaining cities' share must be apportioned in proportion to each city's total revenue, as reported in the most recent edition of the Cities Annual Report published by the Controller, as a percentage of the combined city revenues within a county. Each city's share is therefore based on the 2018/2019 Report – which is the most recent edition available.

Government Code Section 56381 provides that the independent special districts' share shall be apportioned in proportion to each district's total revenues as a percentage of the combined total district revenues within a county. The Santa Clara County Special Districts Association (SDA), at its August 13, 2012 meeting, adopted an alternative formula for distributing the independent special districts' share to individual districts. The SDA's agreement requires each district's cost to be based on a fixed percentage of the total independent special districts' share.

The estimated apportionment of LAFCO's FY 2022 costs to the individual cities and districts is included as Attachment B. The final costs will be calculated and invoiced to the individual agencies by the County Controller's Office after LAFCO adopts the final budget.

Re: Reimbursement of Sewer Permit Fees

20002 Northcrest Square, Cupertino

(APN: 316-38-065)

Summary:

Property owner, Haofeng Song, is requesting a reimbursement for overpayment of sewer permit fees.

On April 15, 2021, the District produced a plan review comment letter requiring the property owner to install a property line cleanout and pay an inspection fee of \$400, plus a plan check fee of \$300.

Because this is an HOA property and the sewer lateral is located on a private street, the owner was not required to install a property line cleanout. Our engineer revised the District comments/requirements and removed the requirement to install a new property line cleanout, along with the \$400 inspection fee. This brought the total amount of fees down to \$300.

The owner called the District office and paid the \$300 plan check fee over the phone with a credit card. He then mentioned he already mailed out a check for the original total amount of \$700 and asked that District staff look out for the mailed check and shred it.

The check was received and opened by a staff member who was unaware of the arrangement, and the check was submitted for deposit.

Recommendation:

Approve reimbursement of \$700.00 to Haofeng Song for the first of two payments, which was not to be deposited.

Cupertino Sanitary District COVID-19 Procedure

The Cupertino Sanitary District office and permit counter will be closed to the public but will continue to provide services. Permit review staff will work remotely to review and process permits. For payment, please mail checks to the District office. Payment via credit card can be made over the phone. Please contact Frankie Martinez at (408) 477-7300 to process your credit card payment. Please call (408) 477-7300 to schedule an inspection.

The Cupertino Sanitary District has reviewed the plans for the subject project:

Sanitary sewer is available and the existing building is connected to our sanitary sewer system which is located in a sewer easement, private street, or public service easement. The sewer lateral from the sewer main to the building is owned and shall be maintained and repaired by the property owner. This includes costs associated with sanitary sewer overflows and spills. If an up to standard Property Line Cleanout is present, the District will service and provide maintenance to the lateral from said cleanout to the sewer main.

Conditions/Requirements for permit approval:

** MEMORANDUM **

RE: CSRMA Property Insurance Renewal Update and Proposed Pooled Layer

Dear CSRMA Property Insurance Program Members:

An overarching issue for this year's renewal is the current state of the insurance marketplace. In short, we are in a **very hard** market, with widespread rate increases and challenges in obtaining certain types of coverage. The driving force behind the state of the market is claims experience, and for property, California has faced an unprecedented increase in wildfire losses and increasing exposures at risk of loss. This historically challenging property insurance market has created an environment for buyers of increased cost, heightened scrutiny on underwriting data and pressure on deductible levels. At this juncture, we are expecting an average increase in cost to members of 50%.

While price increases are never good news, we wanted to bring your attention to a related matter, and that is in regard to deductibles. CSRMA's Property Program has historically been a fully insured program with members choosing individual deductibles as low \$5,000. All but one member currently have deductibles of less than \$100,000. Due to increased potential for losses, underwriters on our current program are requiring that effective 7/1/21 the minimum deductible allowable will be \$100,000 and higher for some individual members with unique characteristics. The Program Administrators and the Executive Board understand this is a change in coverage that will not work well for the entire membership. Therefore, we are working on alternatives to address this issue.

First, we have been diligently marketing coverage on your behalf seeking alternatives to the current placement. To date, all other carriers have either provided indications that are not competitive, cannot offer limits anywhere near the current levels, have significantly higher minimum deductibles, or declined to offer coverage outright.

This situation have led the Program Administrators and Executive Board to explore the creation of a Pooled Layer for the Property Program in order to retain all losses that fall within \$100,000, thereby enabling members to maintain their current deductibles. The creation of a Pooled Layer also means that Program members would pay a 'pool deposit' to self-fund for all losses in this new Pooled Layer and to cover expenses such as loss adjustment fees and actuarial funding analysis; similar in concept to CSRMA's Pooled Liability and Workers' Compensation Programs. We suspect that this approach will not only be the most cost effective in the long-term, but will also grant greater control to CSRMA over the operation of the Program itself.

We are continuing to work with the Executive Board on options, and will be presenting these to the Board of Directors at the June 24th meeting.

If you have any questions, please feel free to call.

Named Insured / Additional Named Insureds

First Named Insured(s)

Cupertino Sanitary District

Additional Named Insured(s)

See attached Named Insured List

NAMED INSURED DISCLOSURE

- The first named insured is granted certain rights and responsibilities that do not apply to other policy named insureds and is designated to act on behalf of all insureds for making policy changes, receiving correspondence, distributing claim proceeds, and making premium payments.
- Are ALL entities listed as named insureds? Coverage is not automatically afforded to all entities unless specifically named. Confirm
 with your producer and service team that all entities to be protected are on the correct policy. Not all entities may be listed on all policies
 based on coverage line.
- Additional named insured is (1) A person or organization, other than the first named insured, identified as an insured in the policy declarations or an addendum to the policy declarations. (2) A person or organization added to a policy after the policy is written with the status of named insured. This entity would have the same rights and responsibilities as an entity named as an insured in the policy declarations (other than those rights and responsibilities reserved to the first named insured).
- Applies to Professional Liability, Pollution Liability, Directors & Officers Liability, Employment Practices Liability, Fiduciary Liability policies (this list not all inclusive). Check your Policy language for applicability. These policies provide protection to the Named Insured for claims made against it alleging a covered wrongful act. Coverage is not afforded to any other entities (unless specifically added by endorsement or if qualified as a "Subsidiary" pursuant to the policy wording) affiliated by common individual insured ownership or to which indemnification is otherwise contractually owed. If coverage is desired for affiliated entities or for contractual indemnities owed, please contact your Alliant Service Team with a full list of entities for which coverage is requested. With each request, include complete financials and ownership information for submission to the carrier. It should be noted, that the underwriter's acceptance of any proposed amendments to the policy, including expansion of the scope of "Insureds" under the policy could result in a potential diminution of the applicable limits of liability and/or an additional premium charge.

Analyzing insurers' over-all performance and financial strength is a task that requires specialized skills and in-depth technical understanding of all aspects of insurance company finances and operations. Insurance brokerages such as Alliant Insurance typically rely upon rating agencies for this type of market analysis. Both A.M. Best and Standard and Poor's have been industry leaders in this area for many decades, utilizing a combination of quantitative and qualitative analysis of the information available in formulating their ratings.

A.M. Best has an extensive database of nearly 6,000 Life/Health, Property Casualty and International companies. You can visit them at www.ambest.com. For additional information regarding insurer financial strength ratings visit Standard and Poor's website at www.standardandpoors.com.

Our goal is to procure insurance for you with underwriters possessing the financial strength to perform. Alliant does not, however, guarantee the solvency of any underwriters with which insurance or reinsurance is placed and maintains no responsibility for any loss or damage arising from the financial failure or insolvency of any insurer. We encourage you to review the publicly available information collected to enable you to make an informed decision to accept or reject a particular underwriter. To learn more about companies doing business in your state, visit the Department of Insurance website for that state.

NY Regulation 194

Alliant Insurance Services, Inc. is an insurance producer licensed by the State of New York. Insurance producers are authorized by their license to confer with insurance purchasers about the benefits, terms and conditions of insurance contracts; to offer advice concerning the substantive benefits of particular insurance contracts; to sell insurance; and to obtain insurance for purchasers. The role of the producer in any particular transaction typically involves one or more of these activities.

Compensation will be paid to the producer, based on the insurance contract the producer sells. Depending on the insurer(s) and insurance contract(s) the purchaser selects, compensation will be paid by the insurer(s) selling the insurance contract or by another third party. Such compensation may vary depending on a number of factors, including the insurance contract(s) and the insurer(s) the purchaser selects. In some cases, other factors such as the volume of business a producer provides to an insurer or the profitability of insurance contracts a producer provides to an insurer also may affect compensation.

The insurance purchaser may obtain information about compensation expected to be received by the producer based in whole or in part on the sale of insurance to the purchaser, and (if applicable) compensation expected to be received based in whole or in part on any alternative quotes presented to the purchaser by the producer, by requesting such information from the producer.

Other Disclosures / Disclaimers

FATCA:

The Foreign Account Tax Compliance Act (FATCA) requires the notification of certain financial accounts to the United States Internal Revenue Service. Alliant does not provide tax advice so please contact your tax consultant for your obligation regarding FATCA.

Claims Reporting:

Your policy will come with specific claim reporting requirements. Please make sure you understand these obligations. Contact your Alliant Service Team with any questions.

Certificates / Evidence of Insurance

A certificate is issued as a matter of information only and confers no rights upon the certificate holder. The certificate does not affirmatively or negatively amend, extend or alter the coverage afforded by a policy. Nor does it constitute a contract between the issuing insurer(s), authorized representative, producer or certificate holder.

You may have signed contracts, leases or other agreements requiring you to provide this evidence. In those agreements, you may assume obligations and/or liability for others (Indemnification, Hold Harmless) and some of the obligations that are not covered by insurance. We recommend that you and your legal counsel review these documents.

Other Disclosures / Disclaimers - Continued

In addition to providing a certificate of insurance, you may be required to name your client or customer on your policy as an additional insured. This is only possible with permission of the insurance company, added by endorsement and, in some cases, an additional premium.

By naming the certificate holder as additional insured, there are consequences to your risks and insurance policy including:

- Your policy limits are now shared with other entities; their claims involvement may reduce or exhaust your aggregate limit.
- Your policy may provide higher limits than required by contract; your full limits can be exposed to the additional insured.
- There may be conflicts in defense when your insurer has to defend both you and the additional insured.

See Request to Bind Coverage page for acknowledgment of all disclaimers and disclosures.
