

I'd like to share a little secret with you, one that will keep life from becoming a burden. It's "the key," the one thing above all else that will ensure a successful life in Christ. It's the one thing that will keep you through every trial and storm, and keep you from being distracted by God's blessings. The secret is.....*FALL SUPREMELY IN LOVE WITH JESUS...EVERY...SINGLE...DAY!*

See, the thing to understand is this: living a life laid down for God cannot be a burden when you're in love. It's not religion, or a bunch of rules and regulations, when you're in love.

Do you remember first falling in love with someone? We become so open and vulnerable. We become so flexible and willing to do things another way. Everything we do is with that person in mind, because we can't stop thinking about them! I remember when my husband and I first started dating. I absolutely hated country music; he absolutely loved it! But my taste for it began to change because it made me think of him! All of a sudden, I began getting butterflies in my stomach when I would hear it!

It's the same with Jesus. Falling in love with Jesus will change our taste for the world. The things we were attracted to that were designed to destroy us are no longer attractive, because it's so contrary to the One we love. Living a life pleasing to God isn't hard at all...because being in love changes everything! So feel free to share the secret...fall *supremely* in love with Jesus, and you can't go wrong!
