We can do nothing but leap for joy all day long, for we know who You are and what You do, and You've exalted us on high. The glory of Your splendor is our strength, and Your marvelous favor makes us even stronger, lifts us even higher!
Psalm 89:16-17 (TPT)

Oh happy day! Truly it is! Each day, we live a life that is blessed, blessed by our Father. It is Heavenly *right now*, because God speaks to us in each day. I find myself more and more in tune to what He says, and every Word He speaks is a blessing to hear, bringing about greater joy. At other times, His voice brings the strength to mature. He is such a good Father, that He gives us strength to mature us into the person He created us to be.

We need His strength; we can't do it on our own. And here's a bonus: He gives it! It says right there in Psalm 89:17 that He is our glorious strength! It pleases Him to make us strong! How wonderful life is now that we are alive in Him! He is making us strong, making us mature, making us everything He created us to be...in Him. Bringing about joy, oh happy day, today and always, Christ is our strength!
