

--BECOME SENSITIVE AGAIN--

In a world where we frequently tend to judge and condemn others, We need to be more understanding and sensitive when it comes to our pastors, our teachers, our evangelists and even our fellow believers.

We need to realize that our own insensitivity has driven the Anointing of the Holy Spirit from many of our lives and our churches. We need to realize that the license we've given ourselves to criticize other members of the Body of Christ has weakened us all.

What will strengthen us again?

The power and the anointing of the Holy Spirit that falls on every sensitive and seeking heart.

I urge you to regain the tender heart you once had. Remove the calluses within you by repentance, by a commitment to live the law of love, by a renewed devotion to the Word, and by fellowship with your Father.

Don't allow the condition of your heart to hold back the Spirit of God. Become sensitive again!
