

FEATURE Attraction Band

We strive to challenge the status quo in the entertainment arena. Using music, we create memories of joy while speaking to the heart and energy of the crowd itself. Our passion of music enables us to not only perform the music people know and love but also to create our own original music to embed the sound into the hearts of future generations.

Providing professional, 100% live entertainment is our top priority! Our dedicated team of musicians bring many years of experience from touring the East Coast for festivals, weddings, dance clubs, municipalities, charitable organizations along with corporate and private events since 1986. Our goal is to leave a lasting impression among those in attendance while also exceeding the expectations of the event host or coordinator. We're attentive to every detail to provide you with our brand of entertainment with our goals firmly set to build a lasting relationship with you, your company and/or organization.

F.A.B. offers a unique blend of Motown, R&B, Country and Southern Soul that originates our brand of live entertainment with our core that remains based around Beach Music. Our fan base is a major part of our organization and we value the crowd interaction during our performance and many keep in touch through our social media channels and our mailing list.

We're available to talk with you about your upcoming events as we're currently exploring new venues in your area. More in-depth information is available on our website including: music samples, live performance videos, client testimonials, previous and current venues and more. You will not find a group of individuals more dedicated to the success of your event and we just happen to make great music. Contact us today to give us the opportunity to prove it to you.
