

## People Development Assessments

*EEC Solutions* is offering the following development assessments to our clients:

### **Myers Briggs Type Indicator (MBTI) Complete:**

The MBTI Complete provides our clients a very detailed report about personality type. The information gathered can help our clients to have a better understanding on ways to grow not only personally but also professionally.

### **California Psychological Inventory (CPI) 434 Inventory:**

The CPI 434 Inventory provides an in-depth, highly, accurate their portrait of an individual's professional and personal styles.

### **The Strong Interest Inventory (STRONG) Profile:**

STRONG helps measure our client's interest in a broad range of occupations, work and leisure activities, and educational subjects. This inventory helps compare how the client's interests are similar to the interests of those people who are successfully performing in those areas.

### **The Fundamental Interpersonal Relations Orientation-Behavior (FIRO-B) Profile**

The FIBR-B assessment tool is an extremely valid and reliable instrument that measures how an individual's personal needs affect his/her behavior toward others.

Are you interested in registering for one of these assessments?
