BACKGROUND

Ben: Born and raised in Germany

Burgi: Born and raised in Germany. By profession, I am a language teacher. I have lived in Poland, Belarus, Ukraine, Egypt, and Cyprus. My husband and I are discipling young people on their way with the Lord. We also help start churches in the countries where we do ministry.

CONVERSION EXPERIENCE

Ben: Although I was raised in a liberal Lutheran congregation, I had a chance to go to an evangelistic summer camp when I was 14 years old. A year later I went again and was deeply moved by the commitment and prayer of the believers at the camp. Shortly after, I gave my life to Christ. Big family fights started about this time, but Jesus helped me through it all and called me to work intensely with people.

Burgi: I came to the Lord as a teenager and was delivered from a lot of darkness. Very soon after that I sensed His calling “for more.” God has taken me through tough training thus far.
