

**TOWN OF SILT
RESOLUTION NO. 22
SERIES OF 2019**

A RESOLUTION SUPPORTING THE GRANT APPLICATION FOR A GARFIELD COUNTY FEDERAL MINERAL LEASE DISTRICT (“GCFMLD”) TRADITIONAL GRANT IN THE AMOUNT OF \$375,025, FOR A TOTAL PROJECT COST OF \$589,325, IN ORDER TO OFFSET THE COSTS ASSOCIATED WITH REPAIRING AND REPLACING SECTIONS OF THE TOWN’S WASTEWATER COLLECTION SYSTEM WITHIN THE TOWN OF SILT, GARFIELD COUNTY, STATE OF COLORADO

WHEREAS, the Town of Silt (“Town”) is a municipal corporation, i.e. political subdivision, of the State of Colorado, and therefore is an eligible applicant for a grant awarded by the Garfield County Federal Mineral Lease District (“GCFMLD”); and

WHEREAS, the Town has submitted a Grant Application for the Town of Silt 9th Street/S. 16th Street Wastewater Collection System Improvement Project, requesting a total award of \$375,025 from GCFMLD, with an overall budget of \$589,325 for such project; and

WHEREAS, the Town wishes to repair and replace the 9th Street section of the Town’s wastewater collection system with C900 pipe material, in order to correct a failure in sizing of the line, as the main on either side of this particular line are 8” diameter and the subject pipe is 6” diameter, leading to capacity and back-up issues; and

WHEREAS, the Town wishes to repair and replace the 16th Street section of the Town’s wastewater collection system that goes under Interstate-70 to River Frontage Road, as the pipe has failed in the middle of the distance leading to back-up and transmission problems; and

WHEREAS, the Town believes that repair and replacement of sections of the Town’s wastewater collection system will decrease the occurrences of back-ups and increase the capacities of each main, allowing for additional development on such mains; and

WHEREAS, the Board recognizes that such grant would help relieve the water and wastewater enterprise fund of the cost of such improvements; and

WHEREAS, the Town Board of Trustees (“Board”) supports staff in its grant application for the Garfield County Federal Mineral Lease District Traditional Grant and if funded, ensures that such project will be complete as per the grant guidelines: and
