3. Position the Sports Baskets against main body of your rack as shown on page 1. If the mounting brackets do not fit, gently spread them apart until they fit.
4. Insert 5/8" SHCSs through flat washer through wire loop of the Sports Basket hanger and screw into flat side of the slide nut. **DO NOT TIGHTEN – maintain as much slack as possible.**
5. From STEP 4, insert the slide nuts (now attached to the Sports Basket) into the side channels of the main body of your BUA Rack and gently move the Sports Baskets to the desired position. Once positioned, tighten the SHCS's with the 3/16" Hex Key.
