Mr. Robert L. Neal
President
YMCA Metropolitan Hartford
160 Jewell Street
Hartford, CT 06103

Dear Mr. Neal:

It has come to my attention that you have been experimenting with a creative dramatics program run by Michael Lamb that has been very successful, and are now contemplating the possibility of doing one during the summertime.

From what I can tell, the results of your program have been successful, not only in terms of the number of kids involved but in terms of income generated.

If you would be interested in having the Arts Council work with you, we would love to do so. In the meantime, I encourage you to continue this exciting program which helps young people involved with the YMCA to discover the world of the arts.

Sincerely,

Robert J. Hankins (Robb)
Executive Director
