Trump doesn't care about the 80,000+ people who've died from #Coronavirus! He only wants to open up the economy so he can go back to having his white power pep rallies! The death & economic devastation we are facing is b/c Trump failed to act early & called #COVID19 a HOAX!

**WOW! This was unexpected!**

**OPERATION WARP SPEED**

They paid a foreign government to falsify information, then lied to the courts to spy and overthrow Trump.

Democrats lied and impeached Trump to hide their crimes. We will never forget or forgive them.

🇺🇸 It's payback time. 🇺🇸
