President Dwight D. Eisenhower, on Jan. 17, 1961 in his farewell address (less than 4 years after the dinner shown below), warned the world about the emergence of **“military-industrial complex”** and **“scientific-technological elite”** criminals like those shown below. We did not heed the President’s warning. In 2020, these **British-American Pilgrims Society** fascist monsters (**“NGOs”** and **“public-private partnerships”**) have **stolen and weaponized inventions** to achieve their desire for a **One World Government** intent on reducing the world population by up to 90%, for a profit.

Pilgrims Society Conspirators (Feb. 21, 1957): Included **NBC** (Fake Spy News, 24x7x365), **CIA / FBI / NSA / DIA / State Dept. (Chief Signals Officer)**, **Sarnoff, RCA** (now **GE-Marconi, SERCO, QinetiQ**), **FCC** (licensor of **5G**), **Voice of America** (**Board of Broadcasting Governors, US Agency for Global Media** (more 24x7x365 fake news).

Conclusion: We have been bathed in harmful radio waves and global spy fake news spewing from the MSM (main stream media), facilitated by these engineers and co-conspirators... all in the “false flag” cause of fighting the Red Communist Russians (V. Lenin was a creation of the Pilgrims Society also), propaganda cooked up by the Pilgrims Society to make a *new global enemy* after Germany and Japan were crushed--to justify unlimited defense spending, as President Eisenhower warned.

"They are ripping down YouTube channels in addition to Twitter accounts of my friends who told the truth about the Pedophiles in Government, Hollywood & the Media; about the betrayal, corruption, fraud & treason of the D.C. Politicians; about the Globalist's scam that is "Covid 19" - anything outside of the Corporate "mainstream news" narrative. CENSORSHIP ENDS when there is only one voice remaining - THE STATE. There is another side to all of this at play. The one we don't yet see. Pray for goodness in your heart and those you care for. It does matter. Every thing you do matters. Every single moment you pause and notice matters. All you have to do is enjoy it for the preciousness and magnificence that it is. Imagine a world that felt this way as much as it possibly could. It begins in you."
