IF THIS REALLY WAS A PANDEMIC

1) Almost every homeless person living on the street would be dead

A) No noticeable change or susceptibility at all

2) The hospitals would be completely full and doctors and nurses would be working continually

A) Hospitals are empty and Doctors and Nurses have been laid off

3) Ambulances would be going 24/7 and there would be dead people in the streets

A) No ambulances and just looked, still no dead people piling up in the streets and alleys

4) Walmart and Costco and other "essential" businesses would have closed because of the virus raging through workplaces

A) No noticeable changes or spreading through any essential businesses

5) They wouldn't need to tell us to be scared and to be careful; we would see the evidence everywhere

A) WE DON'T

Yeah, ummm I know you changed your lifestyle, lost your job, lost your business, lost all your freedoms, and your kids don't go to school anymore...but If you could go ahead and do it all again even though it didn't work the first time, that'd be great...

"ELIMINATE THE SOUL WITH MEDICINE"

theorganizedearth More than a hundred years ago, Rudolf Steiner wrote the following:

"In the future, we will eliminate the soul with medicine. Under the pretext of a 'healthy point of view', there will be a vaccine by which the human body will be treated as soon as possible directly at birth, so that the human being cannot develop the thought of the existence of soul and Spirit.

To materialistic doctors, will be entrusted the task of removing the soul of humanity. As today, people are vaccinated against this disease or that disease, so in the future, children will be vaccinated with a substance that can be produced precisely in such a way that people, thanks to this vaccination, will be immune to being subjected to the "madness" of spiritual life.

He would be extremely smart, but he would not develop a conscience, and that is the true goal of some materialistic circles.

With such a vaccine, you can easily make the etheric body loose in the physical body.

Once the etheric body is detached, the relationship between the universe and the etheric body would become extremely unstable, and man would become an automaton, for the physical body of man must be polished on this Earth by spiritual will.

So, the vaccine becomes a kind of arymanique force; man can no longer get rid of a given materialistic feeling. He becomes materialistic of constitution and can no longer rise to the spiritual."

-Rudolf Steiner (1861-1925)

PATRIOT ALERT:

Information being received NOW
that Communist China purchased
Dominion Voting in October 8 for
\$400M.

Efforts underway to verify. If true,
this confirms other evidence that
Communists intend to overthrow
our government to get our precious
land.

NOT ON OUR WATCH.
