Open your eyes what do you see
is this truly reality looking back at me

Stolen Elections fraud and treason
Satanic rituals and blackmail the reason

Adrenochrome Pedovores
new words to us all
Could the Deep State really be
the terrible Cabal

They stole our Children
our wealth and our Sun
but Trump and his digital army
have them all on the run

The storm is upon us
stand fast and stand tall
And remember Dear friends

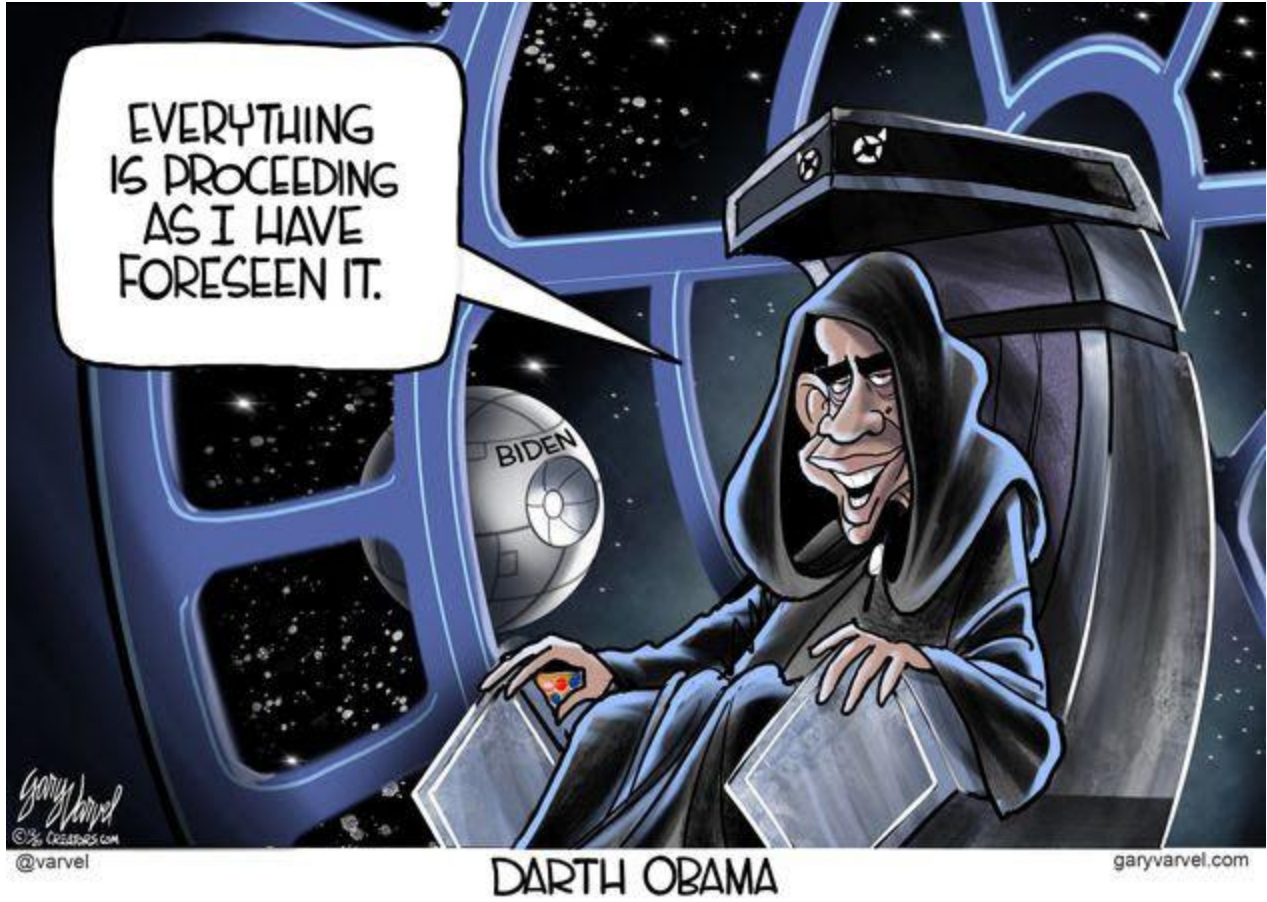

WHERE WE GO ONE WE GO ALL
